Changes to services at court due to COVID-19

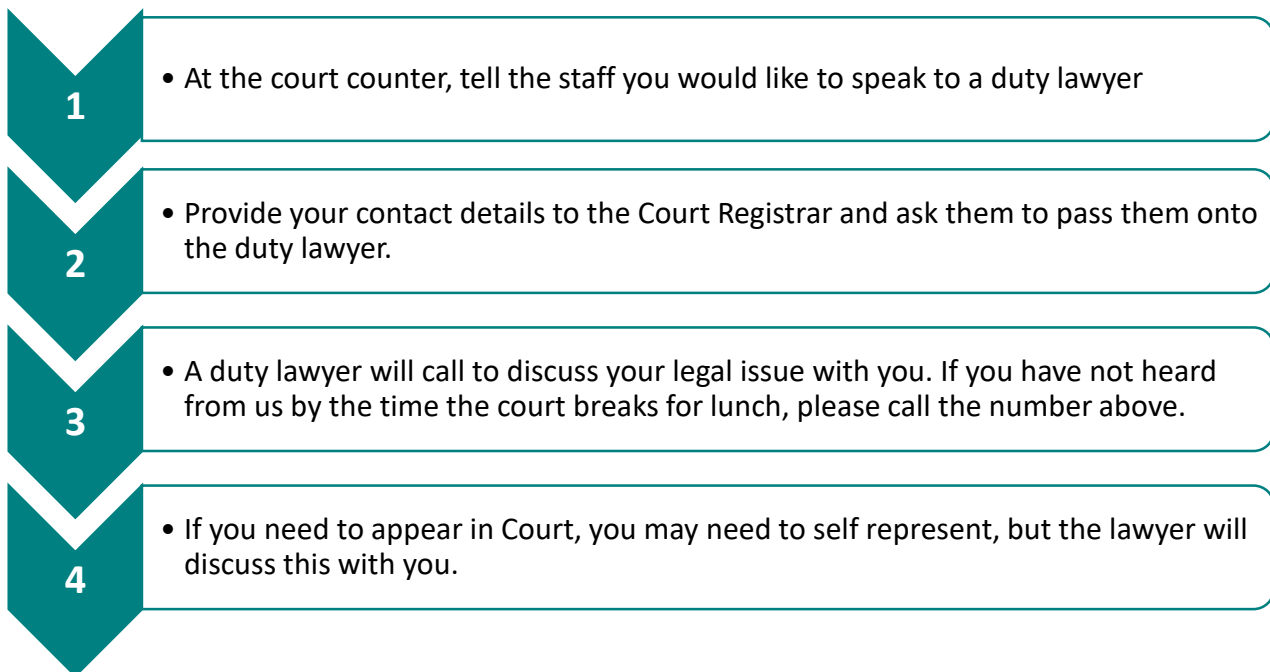

From **Monday 23 March**, we will be introducing new health, safety and wellbeing measures. This changes how we can help you at court.

For people who want to speak to a duty lawyer, we can still provide you with legal assistance. We will talk to you over the phone rather than see you in person.

If we do see you in person, we will need to ask you some questions about your health and recent travel, before we can help you.

These measures are to protect you and our staff, and to assist in slowing the spread of COVID-19 through the community.
